Pakistan

Summary

Information Security professional with 7 years of experience across government, telecom and banking sectors, specializing in Information Security, Governance and Risk, Incident Response and Threat Intelligence. Skilled at translating technical findings into data-driven reports and risk advisories for leadership, with experience in geopolitical monitoring, regulatory compliance and national-scale gap assessments. Recognized for contributing to the establishment of Pakistan's first national sectoral CERT and SOC. Aiming to advance into a information security leadership role, driving risk, governance and enterprise security strategy.

Skills and Core Competencies

Governance, Risk and Compliance (GRC):

Information Security Governance, Risk Assessment and Management, Risk Register and Treatment Plans, Security KPI/KRI Development, Incident and Risk Communication, Governance Documentation & Reporting

Security Frameworks and Standards:

ISO/IEC 27001 / ISMS, NIST Cybersecurity Framework (CSF), Critical Telecom Data & IS Regulation (CTDISR)

Incident Response and Security Operations:

SOC Operations, Incident Response, SIEM, SOAR, EDR, EPP, Alert Triage, Security Events Analysis and Investigations, Monitoring Optimization, Containment, Escalation Management, Automation, SOAR Playbooks

Threat Intelligence and Risk:

Cyber Threat Intelligence, Risk Assessment and Mitigation, APT Profiling, Geopolitical CTI, DRP (CTM 360)

Leadership and Communication:

Cross-functional stakeholder coordination, Executive-Level Reporting, KRIs, KPIs, Team Lead & Mentorship

Professional Experience

Deputy Director (BPS-18)	06/2026 – Present
National Seed Development & Regulatory Authority (NSDRA), Government of Pakistan	Islamabad, PK

- › **Strategy:** Leading enterprise IT strategy and risk management aligned with organizational priorities.
- › **Security:** Deploy, ensure and strengthen information security controls across critical infrastructure.
- › **Infrastructure:** Planning secure IT infra design and business continuity/disaster recovery planning.
- › **Management:** Managed vendors, IT/security budgets and cross-functional stakeholder engagement.

Assistant Director Cyber Security (EG-2 ≡ BPS-17)	05/2025 – 06/2026
Frequency Allocation Board (FAB), Government of Pakistan	Islamabad, PK

- › **Governance:** Developed foundational information security policies to establish baseline governance.
- › **Risk:** Initiated a comprehensive risk register, supporting ongoing risk assessment and mitigation.
- › **Assessment:** Conducted cyber security gap assessments across infrastructure and technical controls.
- › **Advisories:** Prepared and disseminated organization-wide threat advisories and awareness reports.
- › **Awareness:** Conducted awareness programs improving phishing awareness and reporting rates.
- › **Infra Assessment:** Reviewed infrastructure to align with compliance standards & security best practices.
- › **Compliance:** Led organization-wide cyber security compliance against National CERT security standards; conducted periodic reviews and prepared assessment reports for stakeholders.

IT Officer (SOC) – Lead National Telecom SOC (EG-1 ≡ BPS-16)	01/2024 – 05/2025
Pakistan Telecommunication Authority (PTA), Government of Pakistan	Islamabad, PK
Recognition: Received Letter of Appreciation from Chairman, in recognition of contributions at nTSOC.	

› **SOC and Incident Response:**

- Led cyber incident investigations, response, and remediation, minimizing business impact.
- Conducted threat detection and analysis using SIEM (Wazuh, QRadar, etc.) and SOAR platforms.
- Performed APT analysis, focusing on adversary tactics and techniques.

› **Data Protection and Threat Intelligence:**

- Conducted threat hunting & anomaly detection, identifying insider threats & potential breaches.
- Tracked and analyzed APT activities (e.g., Sidewinder) to enhance proactive defense mechanisms.

› **Risk and Compliance:**

- Performed cybersecurity audits (CTDISR, NIST CSF, ISO 27001) to ensure regulatory compliance.
- Conducted risk assessments and recommended security controls to reduce organizational exposure.

› **Automation and Process Optimization:**

- Designed and deployed SOAR playbooks to automate incident response and IOC blocking.
- Developed security reports, dashboards, and KPIs for senior management.

› **Collaboration and Leadership:**

- Led and mentored 8 junior Analysts, improving their investigative and incident handling skills.
- Engaged with cross-functional teams (GRC, IT, Legal, and vendors) to drive security initiatives.

Assistant Manager Cyber Security Operations (MG-4 ≡ OG-1)	01/2023 – 01/2024
JS Bank Limited	Karachi, PK

- › **Incident Response:** Executed incident response processes (e.g., detection, analysis, containment).
- › **Incident Management:** Coordinated Cyber Security incident response, investigations, and remediation.
- › **Proactive Monitoring:** Monitored incidents and events using SIEM, EDR, and EPP tools.
- › **Cross-Functional Collaboration:** Collaborated with teams to drive incident response.
- › **Automated Response:** Developed playbooks to automate malicious IOCs blocking on security controls.
- › **Threat Intelligence:** Distributed Threat Intelligence advisories to teams to address emerging threats.
- › **PAM Administration:** Managed PAM solution, integrated servers, provisioned access & resolved issues.

Associate	12/2020 – 01/2023
Pakistan International Bulk Terminal Limited (PIBTL)	Karachi, PK

- › **IBM QRadar SIEM Implementation:** Implemented IBM QRadar Community Edition SIEM on Linux.
- › **IBM QRadar Configuration:** Configured QRadar with system logs, network traffic, & event monitoring.
- › **Offenses and Event Monitoring:** Monitored offenses and events for OS and network logs on QRadar.
- › **IT Operations Portal Implementation:** Implemented Combodo iTop to provide seamless IT ops.

IP Network and Security Engineer (Contract / Project)	06/2020– 11/2020
NERA Telecommunications Pakistan Private Limited	Karachi, PK

- › **Anti-DDOS Monitoring:** Monitored the PTCL F5 Anti-DDOS Attack Project.
- › **Incident Management:** Efficiently handled ticket creation and escalation process for reported incidents.
- › **Anti-DDoS Implementation:** Assisted in the implementation and configuration of the Anti-DDoS project.

Resident Engineer (Contract / Project)	07/2019 – 03/2020
A Hamson Private Limited	Karachi, PK

- › **Anti-DDOS Monitoring:** Monitored the PTCL ARBOR Anti-DDOS Attack Project.
- › **Incident Management:** Efficiently handled ticket creation and escalation process for reported incidents.

Education

M.S (Computer Networks and Security)	09/2018 – 02/2021
FAST - National University of Computer and Emerging Sciences (NUCES)	Karachi, PK
Information Security, Ethical Hacking, Cyber and Network Security	CGPA: 3.21 / 4.0

B.E (Computer Systems Engineering)	02/2014 – 02/2018
Quaid-e-Awam University of Engineering Science and Technology (QUEST)	Nawabshah, PK
Network Security, Data Communication Networks, Mobile & Wireless Communication	CGPA: 3.54 / 4.0

Certifications

Skillfront ISO/IEC 27001 Information Security Associate	01/2025
Credential ID: 15093743436035	

CompTIA CompTIA CySA+	02/2024
Credential ID: LM93NBMRCJB4QEGX	

SOCradar Mastering Cyber Threat Intelligence for SOC Analysts	07/2025
Credential ID: 1bede642-6a1b-44e7-8dd0-87b174e981b1	

SOCradar Threat Intelligence Fundamentals for SOC Analysts	07/2025
Credential ID: 5d297399-9e5a-4255-84f4-f3edc5ceff9a	

ICI, UK CNSS (Certified Network Security Specialist)	05/2020
Credential ID: 17391345	

Fortinet Network Security Expert Level 3 (NSE-3)	05/2020
Credential ID: PZitB0iyMP	

Projects

Key contributor in establishing Pakistan's first sectoral National Telecom SOC & CERT	01/2024–05/2025
Pakistan Telecommunication Authority (PTA)	

Implemented IBM Qradar CE v7.3.3 SIEM	05/2022–08/2022
Pakistan International Bulk Terminal Limited (PIBTL)	

Deployed Combodo iTop as ITOps Portal for Incident and Ticket Management	06/2021–10/2021
Pakistan International Bulk Terminal Limited (PIBTL)	

Assisted in implementation of PTCL Anti-DDoS Project	06/2020–11/2020
PTCL – IP Operations South	

Trainings

Certified Information Security Manager (CISM)	02/2025
Mature Resources Global Technologies (MRGT)	

Incident Response and Computer Emergency Response Team (CERT)	08/2024
APNIC - Asia Pacific Network Information Center at PTA HQs	

Certified Ethical Hacker (C EH)	07/2023
Moon International Private Limited
